

Service Info No: 12

Subject: Absorbers for dry air inlet

- Protect the dry air system to maintain the efficiency of the permeation dryer.
- Avoid built up of deposits in the ozone generator and clogged orifices.
- All AK-CLD's and ELht's will be equipped with an "Absorber 1 set elbow cpl." as a standard.

210.0672 Absorber 1 set elbow cpl.
